Greenwood Communities and Resorts Proudly Launches Innovative New Web Sites for Palmetto Dunes Oceanfront Resort and Liberty Hill Farms

GREENWOOD, S.C. (July 11, 2008) – Greenwood Communities and Resorts, a leader in the creation and management of award-winning residential and resort communities in the Southeastern United States, recently launched exciting new web sites for Palmetto Dunes Oceanfront Resort on Hilton Head Island, S.C. and Liberty Hill Farms in Liberty Hill, S.C.

“These new web sites are completely user-friendly and allow visitors to get a deeper, richer impression of our world-class resorts and communities,” said Jay Nexsen, president of Greenwood Communities and Resorts. “They reflect the beauty of Palmetto Dunes and Liberty Hill Farms, while providing all the information online users need to plan a vacation to Hilton Head Island or to purchase a home site on Lake Wateree.”

The new Palmetto Dunes web site currently features convenient online booking for accommodations and golf and serves as a valuable extension of the successful Palmetto Dunes brand. In the future, Greenwood plans to expand the web site’s capabilities to enable visitors to bundle accommodations and activities reservations in a single online itinerary, which will be an industry first.

E-site Marketing of Bethesda, Md. designed the Palmetto Dunes web site, which is posted online at www.palmettodunes.com. The resort was recently ranked the #1 Family Resort in the United States by *Travel + Leisure Family* magazine and continues to receive international accolades.

The new Liberty Hills Farms web site, posted at www.libertyhillfarms.com, was created by RTP of Avon, Colo. The site emphasizes the benefits of ownership at Liberty Hills Farms and features a fluttering hummingbird on the home page as well as an online photo gallery, community master plan and field guides. This master-planned community exemplifies Greenwood’s ongoing commitment to excellence and features spacious home sites in family-friendly, amenity-rich neighborhoods with extensive nature trails and conservation areas.
